

VIBS PDF Settings:

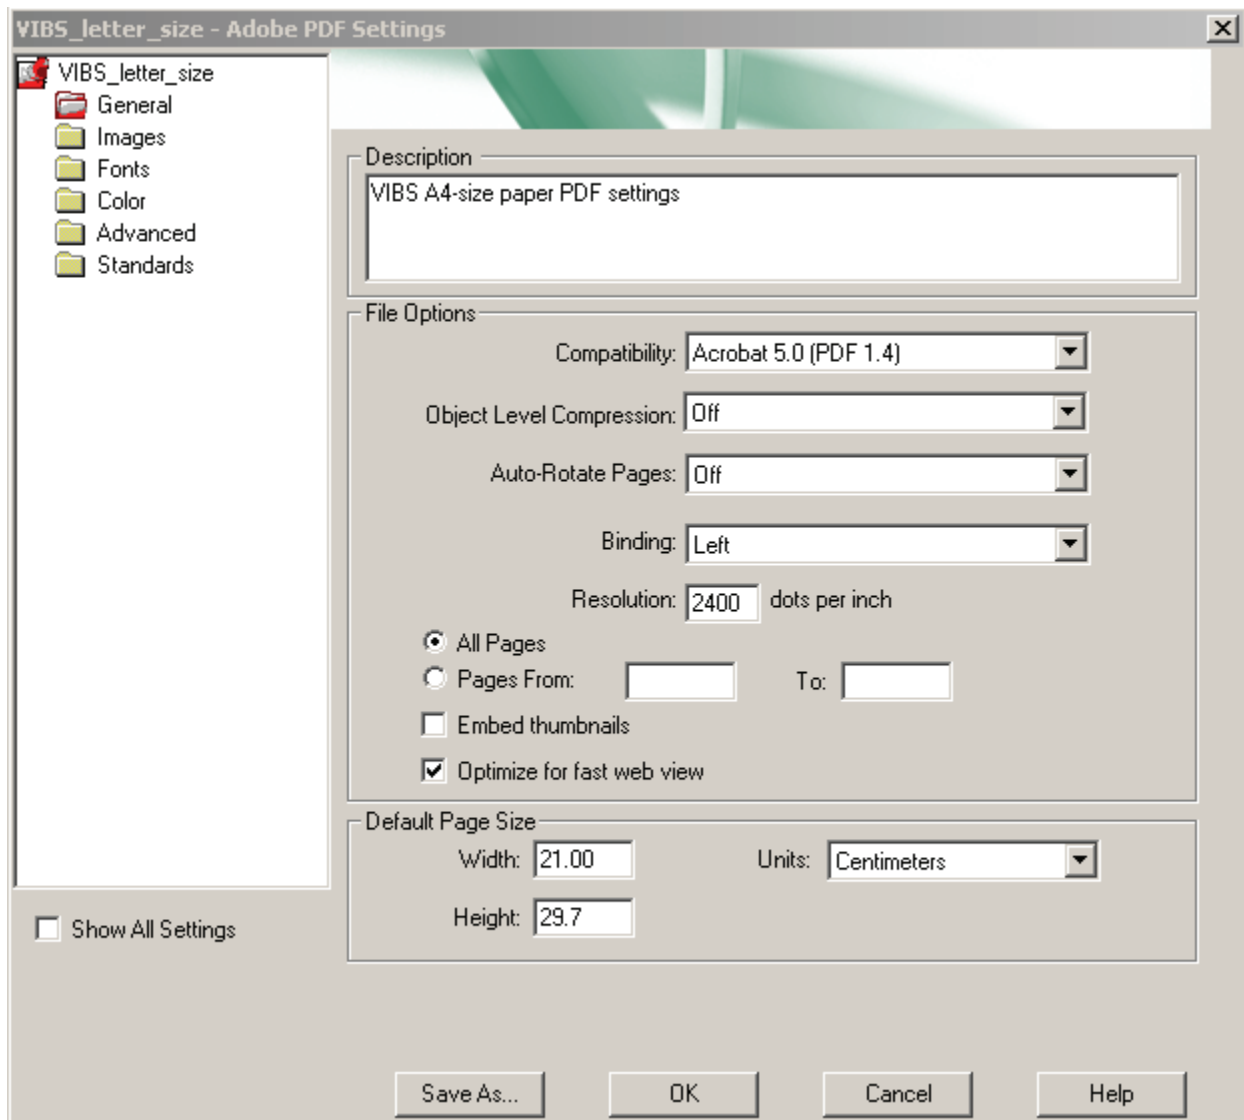

Letter Size Paper (leave Color, Advanced, and Standards tabs at default settings):

General Tab is the only tab that requires different settings for letter or A4 sizes:

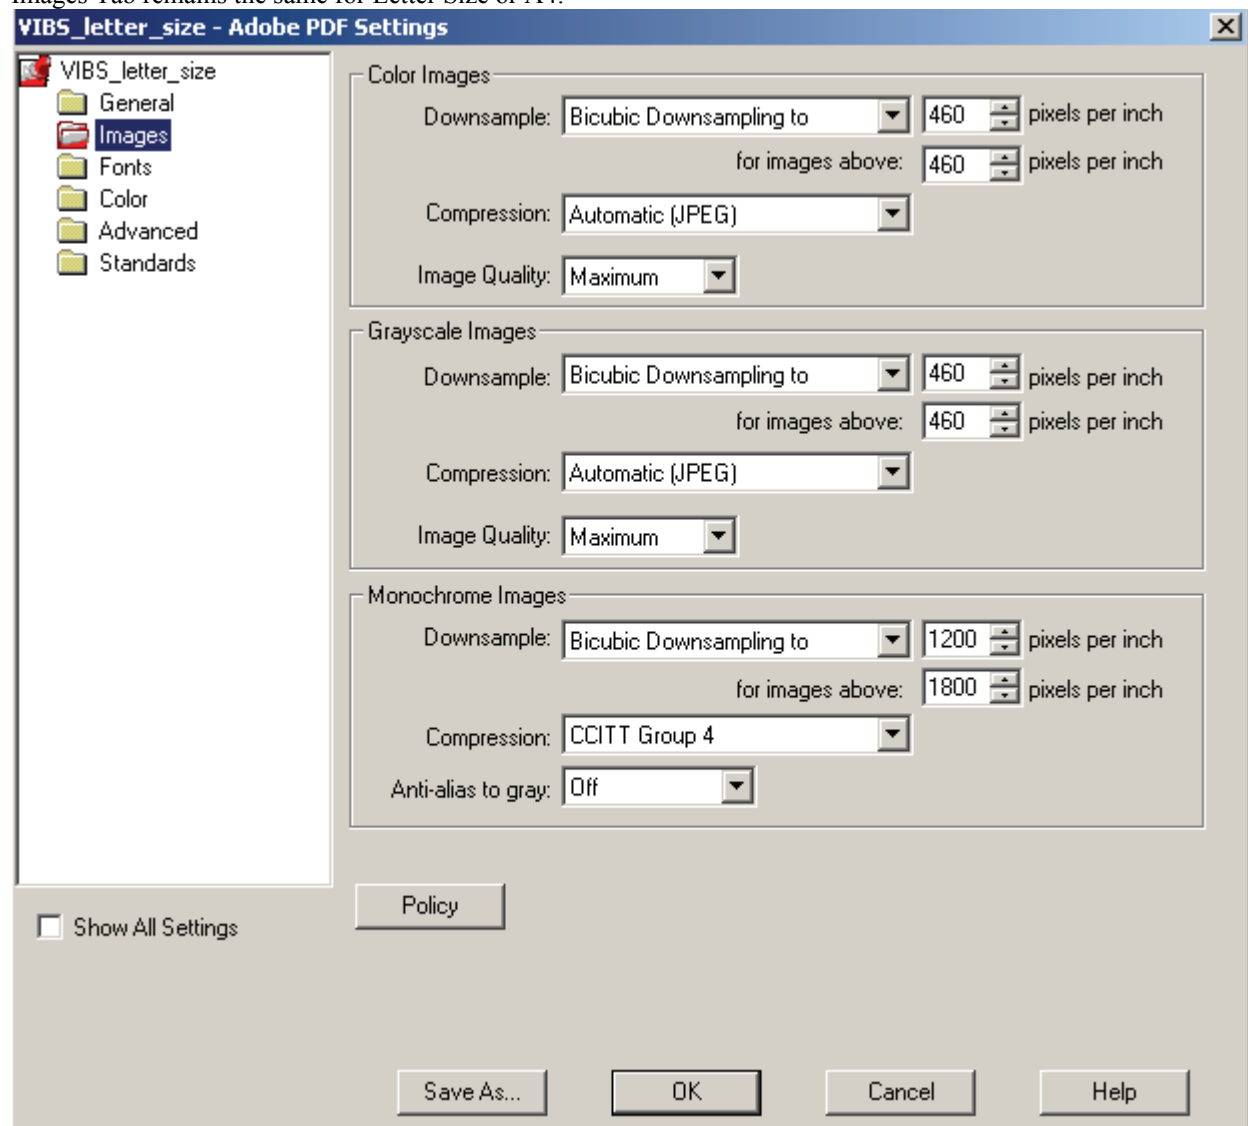

General Tab, Letter Size:

General Tab, A4 size:

Images Tab remains the same for Letter Size or A4:

Fonts Tab **remains the same for Letter Size or A4** (Add the WP fonts to “never embed,” since PDF won’t embed them due to copyright issues. This can be a problem if you’re used to using WP Math for math symbols. Notice, fonts that cannot be embedded have locks next to them. Adding them to the “never embed” list will save you time.):
